When you've worked hard to build a business, it's worth protecting it against corporate identity theft. Our NameGuard and Document Monitoring services keep a constant eye on your customers, competitors and suppliers, and ensure that no one tries to trade on your good name.

Our proven services allow you to carry on with the everyday running of your business, safe in the knowledge that your name is protected and the companies you work with are trading soundly, fairly and legally.

## NameGuard

We carry out weekly audits of name changes, 'sound-a-likes' and new incorporations at Companies House.

### Our service delivers:

- Weekly reports
- Follow-up information on any company flagged as a concern
- Monitoring of a range of names, or a single company
- Discounted company searches on any companies flagged up through our reports

## Document Monitoring

We'll keep track of your customers, competitors and suppliers, and notify you when liquidation, receivership, winding-up or similar documents are filed at Companies House.

### You'll receive:

- Year-round corporate identity protection with document monitoring
- A copy of any statutory documents as soon as they're filed
- Notification of any change of name or director, or changes to the memorandum and articles of association
- Reports of any adverse entries filed, along with any relevant Gazette entries (not available at Companies House)
- Alerts triggered by parameters that you control

From just **£95 + VAT** per year

**FREE** monitoring!\*

\*We will only charge when a document is filed and emailed to you. Documents will include a company report and will be charged at a fixed price.

We can also offer a Historical Name report that will list all of the companies that have previously used similar names to your company or brand (£30 + VAT).
